

# Lumby and District CHAMBER OF COMMERCE

Visit our WebSite for more information: [www.monasheetourism.com](http://www.monasheetourism.com)

Serving Lumby's business community as the "Voice of Business", the Chamber will work "to facilitate, enhance and improve Lumby's unique quality of life, to support positive and sustainable development, and to encourage growth in commerce and industry for the prosperity of its members and the Lumby area".

Friendly rural community, scenic beauty, and growing diversified economy make Lumby a great destination point. Our community was founded and has relied on a forestry and agricultural based economy. We are now experiencing significant growth in other areas. With virtually unlimited recreational opportunities our tourism base is well established and growing steadily. We have seen an increase in small business and home based businesses as well.

Visitors can experience day trips or weekends that mix the rolling countryside of the Okanagan grasslands with rainforests and alpine meadows, all in a fantastic theatre of rivers, lakes, waterfalls and mountain peaks. Since the 1960's, artists have congregated in this inspiring land and have retained the colour, independence and the expression of Lumby's culture. If it is nature you are looking for, away from the crowds, The Monashee is the edge to refreshing your life!
